Responsibilities

- Conduct company, industry, and market research using public and client-provided sources.
- Assist with target identification, long list building, and screening exercises.
- Prepare company profiles, market maps, and concise industry summaries.
- Support pitch decks, information memorandums, and other presentation materials.
- Assist with comparable company and transaction analysis.
- Organize research findings clearly in Excel and PowerPoint.
- Maintain accuracy, source tracking, and structured output formatting throughout assignments.

Requirements

- Pursuing or recently completed a degree in Commerce, Economics, Finance, Business, or a related field.
- Strong interest in M&A, investment banking, private equity, and corporate finance.
- Good research, analytical, and problem-solving skills.
- Working knowledge of Excel and PowerPoint.

Perks

- Hands-on exposure to live M&A and research assignments.
- Practical experience in company research, sector analysis, and deal support materials.
- Professional learning in Excel, PowerPoint, and structured research workflows.
- Opportunity to develop analytical and professional skills in a real work environment.
- Pre- Placement Offer of ₹3.5 LPA CTC .
- ₹6000 Monthly Stipend.

Mode of Internship

- Hybrid
