

Glovomega Private Limited

About the company:

At Glovomega, we believe engineering is not just about writing code—it's about building scalable systems, clean architecture, and products that solve real business problems.

Profiles Offered:

1. Full Stack Web Developer Intern (MERN Stack) :

Role Overview:

As a Full Stack Web Developer Intern, you will work directly with the core product and engineering team to build, optimize, and maintain web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). This role is ideal for someone who wants hands-on experience in building real-world SaaS products in a fast-paced startup environment.

Responsibilities :

- Develop and maintain full-stack web applications using MERN stack
- Build responsive and interactive front-end interfaces using React.js
- Design and implement RESTful APIs using Node.js and Express.js
- Work with MongoDB for database design, queries, and optimization
- Debug, troubleshoot, and optimize application performance
- Collaborate with designers and marketers to translate requirements into technical solutions.
- Participate in code reviews and follow best practices for clean, scalable code
- Integrate third-party APIs and services where required
- Assist in deploying applications on cloud platforms (AWS / Vercel / Render, etc.)

Requirements

- Strong interest in full stack web development and software engineering
- Basic understanding of JavaScript (ES6+), HTML, and CSS
- Familiarity with React.js, Node.js, Express.js, and MongoDB
- Understanding of REST APIs and client-server architecture
- Knowledge of Git and version control systems
- Knowledge of SQL is preferred
- Ability to learn quickly and work in a fast-paced environment
- Problem-solving mindset with attention to detail
- Bonus: Experience with deployment tools or cloud platforms

Perks:

- **Stipened & Compensation:**

Internship Stipened: ₹15,000 – ₹25,000 per month

Full-Time CTC (Post-Conversion): ₹5 – ₹8 LPA (based on performance)

- Hands-on experience building real-world SaaS applications
- Strong understanding of full stack architecture (frontend + backend + database)
- Exposure to scalable system design and API development
- Experience working in a startup product engineering environment
- Practical knowledge of deployment, debugging, and optimization
- Top performers will be offered a full-time role as a Full Stack Developer
- Evaluation based on code quality, problem-solving, ownership, and execution speed
- Full-time role includes ownership of core product features and system architecture contributions

Location: On-Site, New Delhi

Duration: 3 Months (Internship) → Full-Time Conversion Based on Performance

Role Overview

As a Digital Marketing Intern, you will work directly with the core team to create content, support campaigns, and help shape how we communicate our ideas to a professional audience. This role is ideal for someone who wants hands-on exposure to both content and performance marketing in a B2B environment.

Responsibilities

- Create and manage content for LinkedIn, blogs, and website pages
- Assist in running and optimizing paid campaigns (Google Ads, Meta Ads)
- Conduct keyword research and support SEO initiatives using tools like Semrush
- Design basic creatives and marketing assets using Canva
- Support inbound marketing strategies for lead generation
- Analyze campaign performance and suggest improvements
- Research competitors, audience behavior, and industry trends
- Collaborate with the team to simplify and communicate technical concepts

Requirements

- Strong interest in digital marketing and branding
- Basic knowledge of performance marketing concepts .
- Familiarity with tools like Semrush, Google Ads, Meta Ads, and Canva
- Good writing and communication skills
- Ability to learn quickly and take initiative
- Detail-oriented with a problem-solving mindset

Perks:

- **Stipened & Compensation**
Internship Stipened: ₹10,000 – ₹20,000 per month
Full-Time CTC (Post-Conversion): ₹4 – ₹6 LPA (based on performance)
- Practical exposure to B2B digital marketing strategies
- Hands-on experience with performance marketing campaigns
- Understanding of SEO, analytics, and conversion-focused content
- Experience working in a startup environment with direct mentorship
- Top performers will be offered a full-time role as a Digital Marketing Executive
- Evaluation based on execution, consistency, creativity, and ownership
- Full-time role includes greater responsibility in campaigns, growth strategy, and brand positioning

Location: On-Site, New Delhi

Duration: 3 Months (Internship) → Full-Time Conversion Based on Performance

3. Business Development Executive (BDE)

Role Overview:
